

Report to the **COMMUNITY** -2020-

Catholic Health Services

A Message from the C.E.O

Like most people and organizations, January of 2020 began with the great feeling of a new year, new goals, and new energy to accomplish great things. Not a full 2 months in we were looking at a life threatening, industry threatening and community changing pandemic, the likes of which none of us had experience with, or a frame of reference for. The coronavirus (COVID – 19) pandemic caused an unprecedented challenge to the day to day operations at Catholic Health Services. Strategies, policies, initiatives had to be reexamined and changed to best meet the needs of our patients, staff and community. Caring for the vulnerable population we serve intensified our sense of responsibility.

It is during difficult times that we find our strength and determination. Our priorities were clear as we focused on necessary strategies. We take comfort in reporting that no employee lost their job during the pandemic and our patient satisfaction scores remained strong, a true testament to the commitment our staff has to the delivery of excellent care and compassionate. CHS administered over 43,000 Covid tests on patients and staff with only 1% positivity rate, better than all averages, using 6 different platforms to ensure access and timely, accurate results. At the time of this report, over 80% of our staff, patients, residents and clients have been successfully vaccinated and protected, enhancing further safety in our outlying community.

In spite of the unprecedented circumstances, through the never ending dedication and efforts of over 2,500 team members in our eight different ministries of service, we delivered over \$12million in charitable or uncompensated care to those who needed most. We remain committed to rising to every new challenge and fulfilling our CHS Mission with quality care and quality service.

Sincerely,

Joseph M. Catania
President & CEO
Catholic Health Services

Mission Statement

To provide health care and services to those in need
To minimize human suffering
To assist people to wholeness
And to nurture an awareness of their
relationship with God.

Vision Statement

Catholic Health Services will strive to improve the health, independence, and spiritual life of the elderly, the poor and the needy in the Archdiocese, through innovative and proactive approaches to:

- Managing care and providing services
- Facilitating transitions across levels of care
- Community partnerships and collaboration
 - Advocacy efforts

CHS Values

- *Dignity*
- *Commitment*
- *Excellence*
- *Stewardship*

Reaching towards our Core Values,
we find renewed strength and confidence in each other and
a new appreciation of what #TEAMCHS is all about.

DIGNITY - acknowledges the uniqueness of every person involved in CHS, patients, residents, staff, and families. Each person is respected regardless of race, creed or religious affiliation and economic status. Catholic Health Services provides eligible care at a discount or without charge to all qualifying patients who do not have health insurance, Medicare Unreimbursed insurance, or who cannot pay for care because of financial hardship.

COMMITMENT - a firm decision to focus energy on the successful completion of goals in the spirit of our mission. Catholic Health Services is dedicated to improving community health and delivering community benefit with the engagement of its management team, board, clinicians and staff, and in collaboration with community partners.

EXCELLENCE - a dedication to establishing and meeting high personal, spiritual, professional, and organizational goals and standards. Catholic Health Services provides world-class care with compassion, dignity, respect and skill to all patients, regardless of ability to pay.

STEWARDSHIP - the good use of organizational resources, human and material. Catholic Health Services helps patients navigate government-sponsored financial assistance programs and absorbs cost differences when government programs such as Medicaid do not completely cover the patient's cost of care.

Alzheimer's Association presents CHS with a BIG THANK YOU!!!

Amazing job TEAM CHS! Supporting the Catholic Health Services' organizational sponsorship of \$25,000, through individual awareness and fund-raising events the staff raised \$36,000 for the Alzheimer's Association. Thank you for your hard work and dedication to our mission! Team CHS did it!

On Saturday, November 16th, Team CHS joined over 5,000 community members at the Miami-Dade Walk to End Alzheimer's. As this year's presenting sponsor, we had the largest presence at the walk with over 500 walkers signed up to participate. It was an early start at Museum Park as thousands of supporters of all ages gathered to remember their loved ones and support the Alzheimer's cause.

Eager to begin the walk everyone gathered behind our CEO Joseph Catania, at the start line we cut the ribbon signifying the official start of the walk. It was great to witness the sea of Team CHS walkers in their team shirts walking together to remember, honor, care and fight for those with Alzheimer's disease.

In charge of the photo booth, Catholic Health Services volunteers had fun with walkers as they sent pictures to friends, families and their social media pages.

A highlight of the day was the Promise Garden, a mission-focused experience allowing walkers to choose a colored flower and write their reason for participating in the event. Each flower color represented a different connection to the disease: blue honored someone currently living with Alzheimer's or dementia, purple for remembering a loved one lost to the disease, yellow represented those supporting or caring for someone with Alzheimer's, and the orange was for those who supported the vision of a world without Alzheimer's. The white flower represented the hope of the first survivor of Alzheimer's.

Then came the Pandemic

Leadership mobilized quickly to gather, study and implement the ever changing volumes of information and regulations in order to secure a safe environment for our patients, residents and staff.

Personal protective equipment (PPP) was procured and distributed along with policies and easy to access educational and communication tools. Partnerships with community resources were enhanced to streamline rapid responses and adjustments as needed.

Our CHS hospitals designed specific environments for Isolation and Recovery Units with the assistance consulting infectious disease and pulmonary clinicians to contain any possible spread within a facility.

A unique system was developed internally, with proprietary software and deployed to all medical campuses for screening at entry. Kiosks at each lobby area are supervised by trained personnel with secondary oversight by our Directors of Nursing and physician reviewers to ensure precision. This tool has delivered over 185,000 accurate screenings, further expanding the safety protocols in place that have proven so effective in keeping our patient populations safe and healthy.

Numerous modifications were made across the board to deliver necessary care and social services to our residents while maintaining strict social distancing and personal safety protocols.

Easy access digital information boards and web-based tools were updated in real-time to keep all team members informed of updates, changes, resources, helpful guidelines and other vital information to facilitate daily operations and ensure continued safety.

Special Moments at CHS

- Angels in scrubs -

Nurses should already be proud of themselves when they don their scrubs for a shift, but in 2020, they did with the extra confidence of knowing that it was the Year of the Nurse and that organizations all over the world are supporting their profession. We salute and honor all our nurses.

"These super heroes sacrifice everything to ensure the safety of our patients at St John's, and improve their health outcomes and quality of life despite the pandemic that we all are facing. They have not only taken the challenge but have succeeded in every way as a team. As we celebrate nurses week let's continue to pray the Almighty for strength, courage, discernment and guidance." Guerda Valere, ARNP, Director of Nursing Services, St. John's Nursing Center.

Special Moments at CHS

- Specialized Units for Special Care -

In consultation with renowned medical specialist, Isolation and Recovery Units were designed and built in order to best serve those patients who contracted or came to us with Covid 19 and to protect the general patient and resident population, as well as other clinical and service staff at our hospitals. The skill and compassion demonstrated by our clinicians cannot be overstated.

- Enter the CHES -

Catholic Health Services Entry Screening System

IndependentSector.com recently released the new value of volunteer time of \$25.43 per hour and announced that the latest value is up 3% from the previous year. When we deploy our volunteers to the community to serve and represent the organization, we do so with great confidence in the quality of the time they spend and the strength of the message they extend.

Our volunteers make every community benefit event special and personal. Not only are our volunteers experts in the scope of services their own facility offers but they fully understand the role each facility plays within the greater organization and are proud to share the knowledge and educate the public. Through a very natural networking synergy they have bonded through the Mission and look forward to working events together. This fiscal year, Catholic Health Services contributed in excess of 1100 hours and over \$30,000 in staff time.

Special Moments at CHS

- A special kind of compassion -

"These men are a team! We are thankful for their skills, abilities and compassion in serving the needs of families during the saddest moments of their lives - especially now in this period of crisis when shelter in place orders and risk of infection prevent friends and family gathering at the crypt or niche to say a last goodbye." Mary Jo Frick, Executive Director Catholic Cemeteries of the Archdiocese of Miami.

- Food drive in Miami Lakes -

Catholic Hospice in collaboration with Mayor Manny Cid, the town of Miami Lakes and Hope Miami Lakes United Methodist Church held a food drive for our patients and their families in the community. made personal home deliveries.

Catholic Hospice staff and volunteers assembled and packaged the food which was later distributed in a drive thru set up at the Hope of Miami Lakes United Methodist Church parking lot taking the necessary precautions and following health safety guidelines. In an effort to ensure our most vulnerable benefited from this event, our Catholic Hospice team members made personal home deliveries.

Special Moments at CHS

- Testing, Testing Testing -

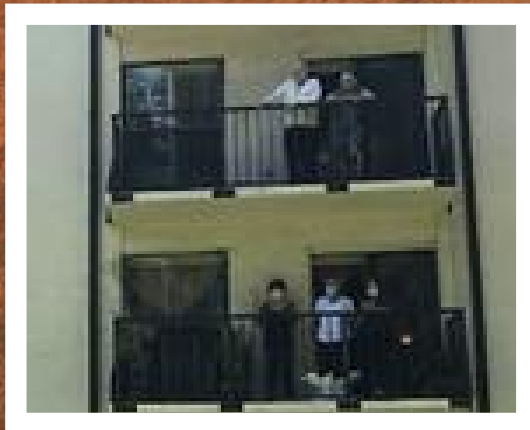

St. Anne's Nursing Center and Residence welcomed the National Guard for the first time in, April 23, 2020 to administer the much needed Covid-19 testing our residents and staff. "Our staff has been working tirelessly implementing appropriate safety measures to ensure that the majority of our residents remain healthy. We are grateful to the National Guard as we look forward to more accessible testing in the future to ensure our residents are safe and their family members have peace of mind" stated Sandra Cabezas, executive director.

Catholic Health Services has performed over 42,000 Covid-19 tests with a remarkably low positivity rate of 1.17% for staff and residents. Testing is conducted daily throughout the system, utilizing 6 different platforms for access to tests, requiring extensive reporting.

- Independent Senior Communities find their silver lining -

The Mother's Day celebration at Archbishop Carroll Manor included delicious meals prepared by Versailles and a Mariachi band that sang and entertained our residents. The happy Moms enjoyed the festivities from their balconies, while the band walked around the entire property. It was a wonderful event that brought joy to our residents and staff." Robert Piedra, Property Manger for Archbishop Carroll Manor

Special Moments at CHS

- Lovely yet Hybrid Mother's Day Celebrations -

All mothers at St. John's Nursing Center were able to celebrate but perhaps a little differently this year. Being without their family members was tough but we did our best to make them feel special on their day! Each mother was treated to a special gourmet meal and a pop up Mother's Day Card. Also, a very heartwarming video was created just for them with special messages from their families, Archbishop Wenski, and staff.

- Family Re-unions, beyond emotional... so important -

After five difficult and frustrating months, Villa Maria Nursing Center had their first Family Drive-By. Truly a special day for all!

Special Moments at CHS

- Never Skipping a Beat to Help the Community -

Centro Mater has consistently assisted families through the Covid-19 crisis. Virtual communication tools have been set up to keep families and students engaged in the pre-school and after school programs. In addition to keeping families informed on job opportunities, local food banks and strategies on how to cope, the children have continued receiving tutoring, homework assistance, and enrichment classes such as art, dance, and theater. The centers have continuously served meals and organized weekly distribution of diapers and other essentials for families of the program and surrounding community. In partnership with the City of Miami District 3, Miami Dade County District #5, USDA Farms to Families, Catholic Charities, United Way and others, Centro Mater has provided over 20,000 meals and food packets to the community.

- And who doesn't need an Ice Cream break? -

CHS kicked off the summer in a cool way! Cold Stone Ice Cream trucks visited all 4 of our medical campuses delivering sweetness to our wonderful and overworked healthcare heroes. Everyone enjoyed a variety of delicious ice cream flavors and toppings courtesy of **#CHSGoesAboveandBeyond**

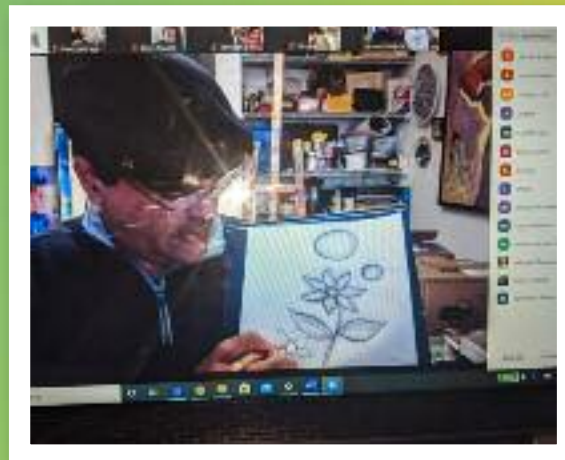

Special Moments at CHS

- *Centro Mater With You Every Step Of The Way* -

Centro Mater has consistently assisted families through the Covid-19 crisis. Virtual communication tools have been set up to keep families and students engaged in the pre-school and after school programs. In addition to keeping families informed on job opportunities, local food banks and strategies on how to cope, the children have continued receiving tutoring, homework assistance, and enrichment classes such as art, dance, and theater. An online summer camp has also been designed to keep students connected throughout the summer months. The centers have continuously served meals and organized weekly distribution of diapers and other essentials for families of the program and surrounding community. In partnership with the City of Miami District 3, Miami Dade County District #5, USDA Farms to Families, Catholic Charities, United Way and others, Centro Mater has provided over 20,000 meals and food packets to the community.

SKILLED NURSING & LONG TERM CARE

Catholic Health Services skilled nursing facilities offer various clinical specialties including orthopedic care for those recovering from total joint replacements. SNFs provide rehabilitation and nursing care for patients who require short-term recovery following an acute illness or accident.

Our long-term care residents benefit from a fully integrated and interdisciplinary team approach to care. Cultural diversity is respected and many members of our staff are bilingual.

**St. John's Nursing Center • Villa Maria Nursing Center
St. Anne's Nursing Center • Villa Maria West Skilled Nursing Facility**

REHABILITATION

Catholic Health Services has 3 stand alone specialty rehabilitation hospitals and one outpatient satellite facility. The goal of rehabilitation is to maximize a patient's ability and help him or her learn to live independently. We bring the latest advanced technology to rehabilitation with all the most sophisticated equipment. Each of our rehabilitation hospitals features the most refreshing centerpiece service in the industry... an indoor aquatic center for in and out-patient therapy.

**St. Catherine's Rehabilitation Hospital • St. Catherine's West Rehabilitation Hospital
St. Anthony's Rehabilitation Hospital • St. Catherine's South Outpatient Clinic**

HOME HEALTH SERVICES

Catholic Health Services home health professionals work together with you and your physician to tailor personal, one-on-one support to meet your health care and home assistance needs. A highly-skilled team of clinical associates provides a vast array of homecare services including nursing, disease and pain management, physical, occupational and speech therapy, and assistance with daily activities. Catholic Health Services home health agencies have earned an exceptional reputation for providing innovative solutions that improve health and enhance the quality of life for our patients.

Catholic Home Health Services of Broward
Catholic Home Health Services of Miami-Dade

ASSISTED LIVING

A middle ground between independent living and nursing homes, Catholic Health Services Assisted Living Facilities aim to foster as much autonomy as the resident is capable of. Assisted living provides a balance of residential living, medical and recreational services, and assistance with day-to-day living activities. Catholic Health Services offers 140 beds in a combination of newly renovated private and semi-private accommodations including all home cooked meals, daily Mass and culturally diverse bilingual activities in lovely settings with plenty of common living spaces and outdoor gardens.

St. Joseph Residence • St. Anne's Residence

There are 1,500 children enrolled in Centro Mater programs, from infancy to 12 years of age at five different educational and recreational campuses in Hialeah, Hialeah Gardens and Little Havana.

All five sites have been honored with the National Association for the Education of Young Children and have received the Florida Gold Seal.

Centro Mater was the first child care center in Florida to combine a pre-school, a Charter School K to 5th grade, before and after-school programs. The majority of Centro Mater staff is bilingual in English and Spanish, reflecting the ethnic composition of its clients. Over forty years in operation, Centro Mater centers have established a record of the highest distinction serving a diverse population.

INDEPENDENT LOW INCOME COMMUNITIES

Catholic Housing Management operates sixteen subsidized apartment communities in South Florida for active, independent seniors with limited financial resources. Meticulously maintained buildings and beautiful grounds provide a lovely home where seniors can enjoy a variety of activities and conveniences, including group outings, educational programs, common rooms, libraries, exercise classes and on-site visiting vendors. Most are walking distance to shopping areas and places of worship. There are always interesting and fun places to visit or lectures, educational programs and hobby-oriented meetings to attend.

Catholic Hospice

Providing comfort. Preserving dignity.

*Catholic Palliative
Care Services*

Catholic Hospice provides responsive end-of-life care for patients of all ages and faiths, assisting families in caring for a loved one with reverence and dignity at the most vulnerable time in their life.

We provide spiritual and psychological support to help patients live their lives to the fullest capacity.

Catholic Hospice offers comprehensive comfort care for patients and a helping hand for families in their private homes, health care facilities or in our fully equipped Inpatient Care Centers.

Catholic Hospice provides care in Broward, Miami-Dade and Monroe counties, in private homes and health care facilities, as well as in the Inpatient Care Centers at the CHS West Campus, Holy Cross Hospital and St. Anne's Nursing Center.

Palliative Care Services

The goal of this specialized care is to improve the quality of life for our patients through the relief of symptoms and stress of a serious illness. Palliative Care can be added alongside curative treatment.

Catholic Cemeteries of the Archdiocese of Miami

Honoring Faith and Traditions

of believers, a community unbroken by death. Each cemetery consists of 125 acres designed, developed and landscaped to provide a setting of beauty and tranquility. Inspirational chapels provide places of peace for reflection and prayer with celebration of the Mass each month in remembrance of the faithful departed.

Compassionate, professional counselors guide families through decisions both at time of need and in planning for future needs.

Catholic Cemeteries perform a sacred function on behalf of the entire Roman Catholic faith community. They serve as symbols of the extended community
